And Now-Tax Reduction

for Economical Transportation

Effective at once, the delivered price of all Chevrolet models is reduced. Chevrolet buyers will be given the benefit of the recent tax reduction, though it does not become officially operative until March 29. Thus for the third time since the first of this year Chevrolet emphasizes its supremacy in dollar-for-PRICES:

FIRST REDUCED PRICES f. o. b. Flint Michigan

Early in January Chevrolet announced sweeping price TOURING - \$510 ROADSTER - \$510 THEN—THE IMPROVED CHEVROLET

Shortly thereafter the improved Chevrolet was announced SEDAN - \$735 in posularity that it became necessary to break all previous proaddica recessis for January and February.

1/2 TON TRUCK \$305 AND NOW \_A FURTHER SAVING

1 TON TRUCK \$550 come officially effective for some time, the full amount of this reduction is now passed on to Chevrolet buyers. Thus Chevrolet again emphasizes that principle of value on which it has built the greatest success ever attained by any manufacturer of Chovrolet! One ride will be a revelation.

when the cotton growers were practically bankrupt.

As a "Safety First" warning we sincerely trust that every farmer will plant as much has been bad since that time. A few days ago he

farmer will plant as much acreage as practicable to peanuts to be used both for cash and hogging off, increase the number of brood sows, plant plenty of corn and feed crops, and make an effort to have a few hundred dollars worth of sweet potatoes and syrup for salethisfall. Those who have pastures should by all means establish a 4 or 5 cow dairy and sell cream. There are at least 6 different cash crops other than cotton that Coffee farmers can grow and when these crops have been planned, the cotton acreage will automatically bereduced.

Lets act like prudent men and hide ourselves from a possible disaster which is sure to come if a big cetter.
